4500 Miles From Delhi (Bristol UK)

Our Projects

4500 Miles from Delhi is located in Bristol, a city where the strong Caucasian-majority demographic made it difficult for an Indian restaurant to attract consistent local customers. Mayfair Promotions stepped in to reposition the restaurant through targeted SEO, clean website restructuring, and engaging video content. By showcasing their dishes in a modern, appealing way and improving their online visibility, we successfully brought in more local British customers who began exploring and indulging in authentic Indian cuisine. The restaurant experienced a clear uplift in reach, bookings, and overall local engagement.

**Five Rivers
(Leamington Spa,
UK)**

Our Projects

Five Rivers is one of the most luxurious Indian restaurants in Leamington Spa — an old English town known for its heritage, elegance, and high-end dining expectations. Our digital analysts focused on strengthening their online presence to match the quality of their interior and food. Through SEO optimisation, premium content, and strategic positioning for an affluent neighbourhood near Birmingham, we helped boost their visibility, attract more high-value customers, and elevate their status in an already competitive fine-dining environment.

Vasuki Amara

Our Projects

Vasuki Amara is an independent luxury perfume brand that we have supported from the very early stages. Mayfair Promotions helped the founder build the brand from the ground up through SEO, modern content creation, and consistent TikTok videography. We also assist with brand management and account support, creating a strong digital presence that continues to grow. Our work has directly contributed to increased recognition, customer engagement, and stronger brand identity across platforms.

Work & Performance

"Businesses choose Mayfair Promotions because we focus on clear, measurable growth across every digital platform, blending creative content with the expectations of today's audiences. Our SEO frameworks are built to generate sustainable organic traffic, while our websites are engineered with one purpose in mind—conversion. Behind it all is a hands-on team that communicates openly, delivers consistently, and treats every project like a chance to raise the curtain on your next big leap."

Accounts Manager

HR Manager - "From a financial perspective, Mayfair Promotions has consistently delivered exceptional value. Our data shows that our clients' average growth has risen from 3% in 2024 to 17% today. This remarkable improvement reflects both our strategic vision and operational excellence, positioning our clients for long-term success."

Performance has shown a strong upward trajectory, rising from 4% last year to 8% in the first quarter, accelerating to 15% in the second, adjusting to a steady 12% in the third, and closing the year with an impressive 17% in the fourth quarter. This pattern reflects consistent growth, strengthened strategy, and a sustained ability to deliver results across varying market conditions."
